What personal data we collect about you as a visitor to our website. When you visit our website, you may provide us with two types of information:

- Personal information you provide to us on an individual basis to contact the nursery
- Website use information collected as you and others browse our website.

We maintain the highest standards of security; however the transmission of information via the internet is not completely secure. So, whilst we will do our best to protect your Information, we cannot ensure the security of your data transmitted to our website.

Any information you submit is sent at your own risk. Once we have received your Information we will use strict procedures and security features to minimise the risk of unauthorised access. Similar to other commercial websites, our website uses a technology called "cookies" (see explanation below, "What Are Cookies?") and web server logs to collect information about how our website is used.

Cookies

What are cookies?

A cookie is a very small text document, which often includes an anonymous unique identifier. When you visit a website, that site's web server/computer asks your computer for permission to store this file in a part of your hard drive specifically designated for cookies.

Each website can send its own cookie to your browser if your browser's preferences allow it, but (to protect your privacy) your browser only permits a website to access the cookies it has already sent to you, not the cookies sent to you by other sites, therefore private information supplied to one web site cannot be read by another organisation.

How we use information we collect from cookies

As you browse and navigate around our website, the website uses cookies to differentiate you from other users to prevent you from seeing unnecessary advertisements or requiring you to log in more than is necessary for security.

Cookies, in conjunction with our web server's log files, allow us to calculate the aggregate number of people visiting our website and which parts of the website are most popular. This helps us gather feedback so that we can improve our website and better serve our customers.

Cookies do not allow us to gather any personal information about you and we do not generally store any personal information that you provided to us in your cookies.
